Dear Mr. Moon:

Thank you very much for joining me on July 19th for the Environmental and Energy Industries Export 90's Conference in Lexington. It was exciting to have approximately 200 people from more than 100 companies come together to learn how to expand the Commonwealth's presence in overseas markets.

Massachusetts is home to many innovative energy and environmental companies. In September, I will be leading a trade mission to Europe, and would like to demonstrate the enormous reserve of talent we have in this state. To that end, I am very proud to have approximately a dozen Massachusetts companies accompanying me on that mission. In addition, I will distribute a marketing directory which lists energy and environmental companies in the state, and the products they make. If you would like your company to be included in the directory, please contact Michael Fleming at 617-727-9800, ext. 232 by August 17th or fax the attached survey to the Office of International Trade at 617-227-3488.

There was a great deal of interest expressed at the conference in establishing an energy and environmental industries council in Massachusetts. During the next six weeks, I will bring together a group of companies to brainstorm about such a council. If you would like to be included in that meeting, please contact Rebecca Calahan at 617-727-1130.

Finally, this fall my office, along with the Executive Office of Environmental Affairs and the Energy Commission will publish a report on the state of the environmental and energy industries in Massachusetts. If you would like to contribute to this report, please contact Rebecca Calahan at the number listed above.

Thank you again for attending the conference. I think it was a successful day for all of us. I look forward to working with you on the initiatives described above.

Sincerely,

A handwritten signature in blue ink that reads "Mike Dukakis".
