Sean Fair has a broad base of experience in private wealth management. He is a member of the US SIF organization and is an advocate for the Environmental, Social and Governance impacts on the world markets. His areas of focus are SRI (Sustainable, Responsible and Impact Investing), charitable giving, behavioral finance, wealth preservation, estate planning, small business consulting and retirement planning strategies.

Prior to co-founding Waymark Wealth Management, Sean used his experience as a top 3 District Managers in the country for Ameriprise Financial and founded and owned The Fair Group, a Registered Investment Advisory practice based out of Austin, TX. The Fair Group was established on the principle of how and where you invest has a profound impact on not only the individual but on the world and society as a whole.

Sean graduated from Hamilton College with concentrations in Economics, Foreign Relations and Philosophy. In addition to his current work at Waymark Wealth Management Sean is an avid outdoorsman and athlete. Sean currently sits on the Economic Development Committee for the town of Wayland. He is also a Land Steward for the Sudbury Valley Trustees and enjoys hiking, kayaking and camping. When he is not in the woods he likes playing tennis, lacrosse and golf. Sean lives in Wayland, MA with his wife and son.
