## **MISSION STATEMENT**

The mission of the Environmental Business Council of New England, Inc. (EBC) is to advance and promote the environmental and energy services and technology businesses in New England. To implement this mission, the EBC:

- Provides programs on current legislative, regulatory, and technology developments that shape the future of the environmental/energy industry
- Provides direct access to regulators and industry leaders to discuss developing issues
- Offers networking and business development opportunities for its members
- Fosters the development of future generations of the industry through academic partnerships and mentoring and training opportunities
