

**EBC Emerging Contaminants Program  
Advanced Topics in Disposal and Decontamination of PCB Wastes**

Wednesday, July 31, 2019

Weston & Sampson | Reading, Massachusetts

**AGENDA**

- 8:00 a.m.     **Welcome**
- Frank Ricciardi, Chair, EBC PCB & Emerging Contaminants Subcommittee  
Vice President, Weston & Sampson
- Introduction and Overview: What You Will Learn**
- Malcolm Beeler, Program Co-Chair  
PCB Technical Lead, Weston & Sampson
- 8:15 a.m.     **Setting Your Site Up for Rail Disposal**
- Steve Cross, Strategic Accounts Manager  
Heritage Environmental Services, LLC
- 8:45 a.m.     **Thermal Desorption of PCBs as an Alternative Disposal Technology**
- Scott Miller, Region General Manager, New England, Clean Earth
- 9:15 a.m.     **Disposal of Metal with PCB Paints**
- Malcolm Beeler, Program Co-Chair  
PCB Technical Lead, Weston & Sampson
- 9:45 a.m.     **Networking Break**
- 10:15 a.m.    **A Contractor's Perspective on Handling Water at a PCB Remediation Site**
- David McCarley, Program Co-Chair  
Business Development Manager, Northeast United States, Clean Harbors
- 11:00 a.m.    **Moderated Discussion**
- Panel Moderator:** David McCarley, Clean Harbors
- Panel Members:**
- Malcolm Beeler, Weston & Sampson
  - Steve Cross, Heritage Environmental Services
  - Scott Miller, Clean Earth, Inc.
- 12:00 p.m.    **Adjourn – Closing Remarks – Malcolm Beeler**

## PROGRAM CO-CHAIRS

**Malcolm Beeler**, Team Leader, PCB Technical Lead  
Weston & Sampson  
273 Dividend Road, Rocky Hill, CT 06067  
(860) 513-1473 | BeelerM@wseinc.com

Mr. Beeler is a Senior Project Manager and Team Leader with Weston & Sampson Engineers in Rocky Hill, CT. He is a Licensed Environmental Professional with 30 years of experience in the environmental consulting industry focused on creative problem solving, project management, site investigation, contaminant remediation and environmental compliance. His consulting practice presently includes site investigation and remediation for PCBs in soil, groundwater, and building materials at numerous sites. He has a Master's Degree in Environmental Engineering and Bachelors of Science degrees in Chemistry and Civil Engineering, all from the University of Texas at Austin.

**David McCarley**, Business Development Manager, Northeast United States  
Clean Harbors  
42 Longwater Drive, Norwell, MA 02061  
(732) 372-2886 | mccarley.david@cleanharbors.com

Mr. McCarley is a Principal Environmental Scientist with nearly 30 years of experience providing a wide range of environmental services to clients in private industry, Federal Agencies, State governments and municipal entities as a Program and/or Project Manager. During his career he has directly managed operations on a wide variety of projects ranging from Phased Environmental Site Assessments (I-IV) to advanced soil and groundwater assessment and remediation projects under the Superfund Innovative Technology Evaluation (SITE) program, on Superfund Sites, and on EPA Brownfields Assessment Pilot Projects.

Mr. McCarley has served as Project Manager on numerous environmental service projects and contracts for the DoD and DoE, USAF, and USACE. He has completed assessment and remediation projects under the BRAC, FUDS/FUSRAP and Navy CLEAN programs through direct contracts (ID/IQ MARC, HTRW, WERC) and as a WBE/DBE/8(a) subcontractor to larger consulting firms. In addition, as a project manager he has managed contracts/task order authorizations for complex mixed waste remediation projects with budgets from \$10 million to over \$90 million.

## SPEAKERS

**Steve Cross**, Strategic Accounts Manager  
Heritage Environmental Services, LLC  
M (315) 406-9342 | steve.cross@heritage-enviro.com

Steve has been involved in RCRA since its inception in the late 70's. Initially as a generator working in industry and spent 5 years as Corporate Manager of Environmental for Materials Research Corp. in Orangeburg, NY.

In 1988, Steve left the industry and entered sales in hazardous waste working for a small TSD in Upstate NY. In 1999, Mr. Cross was employed in sales for Clean Harbors.

Mr Cross joined Heritage Environmental Services in 2006. Since 2006 focused on the remediation segment of the environmental industry identifying both TSCA PCB & RCRA transportation & disposal opportunities to Heritage's TSD's.

**Scott Miller**, Regional General Manager  
Clean Earth, Inc.  
58 North Washington Street, Plainville, CT 06062  
(860) 670-7608 | smiller@cleaneearthinc.com

Scott Miller is the Regional General Manager, New England for Clean Earth Inc. supporting three low temperature thermal desorption soil treatment facilities, design and management of beneficial soil reuse projects and General Manager of United RETEK of Connecticut, the only permitted, mobile, hazardous waste treatment process in the State of Connecticut. Scott has 25 years of comprehensive engineering and management experience in the environmental industry. He has designed, installed and managed groundwater treatment systems, industrial wastewater treatment facilities, in situ soil remediation systems, engineered controls and soil treatment solutions. Scott is a licensed Professional Engineer in Connecticut. He earned his Bachelor of Science in Civil Engineering from Lehigh University and his Master of Business Administration in Business Management at UMass Amherst.

## UPCOMING EBC PROGRAMS

### AUGUST 2019

August 1 – Connecticut Emerging Contaminants Program: PFAS Overview  
August 6 – EBC & RISEP Annual Rhode Island Chapter Gathering  
August 8 – 25<sup>th</sup> Annual Summer Garden Party  
August 13 – 9<sup>th</sup> Annual Ascending Professionals Softball Game  
August 15 – 2<sup>nd</sup> Annual New Hampshire Ascending Professionals Cornhole Tournament  
August 20 – Ascending Professionals Golf Clinic

### SEPTEMBER 2019

September 5 – 3<sup>rd</sup> Annual Ascending Professionals “End of Summer Bash”  
September 12 – EBC & SAME Annual Portsmouth, NH Harbor Cruise  
September 17 – Briefing from the Mass DEP Solid Waste Section Chiefs  
September 18 – Evening Program: Update from Mass DOT Secretary Stephanie Pollack  
September 20 – Climate Adaptation Forum – Public Health  
**September 25 – New Hampshire Emerging Contaminants Program: PCB Air Sampling**  
September 26 – Connecticut Climate Change Update  
September 27 – Ocean and Coastal Resources Program: Coastal Contamination

### OCTOBER 2019

October 2 – New Hampshire Energy Update  
October 3 – Water Resources Program: MS4 – Lessons Learned / Year Two  
October 3 – New Member Orientation & Committee Wine Tasting  
October 8 – Solid Waste Management Program: Regional Crisis  
October 10 – Briefing from the Rhode Island DEM Section Chiefs  
**October 16 – Emerging Contaminants Program: Encapsulants / Barriers for PCB Waste**  
October 17 – Connecticut Solid Waste Update  
October 24 – New Hampshire Offshore Wind Update

### NOVEMBER 2019

November 13 – Evening Program: Update from MWRA Executive Director Fred Laskey  
November 22 – Climate Adaptation Forum - Infrastructure
