Moderators:

- David A. Murphy, Tighe & Bond
- Louis H. Muratore, RED Technologies, LLC

Panelists:

- Mark Barnes, RED Technologies, LLC
- Jim Belcastro, US Ecology
- Bryan Dexter, Ondrick Materials & Recycling, LLC
- Lisa French Kelley, W. L. French Excavating Corporation
- Scott Miller, Clean Earth, Inc.
- Patrick Milmoie, Waste Management

12:00 p.m. Adjourn

PROGRAM CHAIRS

Louis H. Muratore, LEP, CHMM, Senior Vice President
Environmental Division Manager
RED Technologies, LLC
209 Pickering Street, Portland, CT 06480
860.342.1022 ext.220 | lmuratore@redtechllc.com

Mr. Muratore is a Licensed Environmental Professional and Certified Hazardous Materials Manager with over 25 years of experience within the environmental industry. Mr. Muratore joined RED Technologies, LLC in 2012 and is the Senior Vice President and Environmental Division Manager responsible for managing environmental projects focused on remediation and contributing to the daily operations, permitting, and compliance of the REDTECH Intermodal Facility located in Portland, Connecticut. Over the past nine years, Mr. Muratore has overseen the significant expansion and growth of RED Technologies, LLC and the REDTECH Intermodal Facility by providing direction, oversight and establishing a presence within emerging markets.

David A. Murphy, P.E., Vice President

Tighe & Bond

177 Corporate Drive, Portsmouth, NH 03801

603.433.8818 | M 617.319.0447 | damurphy@tighebond.com

David Murphy is a civil environmental engineer with 34 years managing major and complex projects and a wide variety of clients. He has managed all engineering and construction for CRS in the aftermath of the 2004 Tsunami in Banda Aceh, led an Environmental Engineering firm, and managed major and complex projects for the Commissioner's office of the Massachusetts DEP for near 9 years helping to manage the environmental oversight of the \$14.5 Billion Big Dig, Quincy's Granite Links project, the Boston Harbor dredge project, and numerous other Mega projects. For twelve years he has served at Tighe & Bond as Vice President new serving as Client Service Leader for all Eastern New England municipal clients while managing over one hundred and fifty projects including Solid Waste Management, Materials Management, Renewable Energy Site/Civil, & Coastal Engineering, and works closely with Real Estate Development Market.

SPEAKERS

Mark Barnes, Vice President

RED Technologies, LLC

173 Pickering Street, Portland, CT 06480

860.894.4605 | mbarnes@redtechllc.com

Mark Barnes is a Vice President for Red Technologies LLC, working out of the transfer and disposal facility located in Portland CT. RED provides waste transportation and/or disposal options for its clients. The Portland facility is permitted to accept, manage and transfer hazardous and nonhazardous soil and debris, asbestos containing materials, hazardous and nonhazardous drums and lab pack materials. Mark's lead role is to service and expand the base of environmental service operations throughout New England and the Tri-State area, providing cost effective and time sensitive transportation and/or disposal options to meet and exceed our client's needs.

Mark has over 20 years of experience in waste routing, project management, sales and customer service. Mark is well versed in RCRA, TSCA and DOT regulations, and assists clients with a variety of waste streams. Mark graduated from Central Connecticut State University with a B.S. Environmental Biology.

Jim Belcastro, CHMM, Senior Account Executive, Waste Solutions

US Ecology

185 Industrial Road, Wrentham, MA 02093

508.384.6151 | M 508.965.4820 | jim.belcastro@usecology.com

Jim is a seasoned account executive with over 21 years of experience handling all types of waste transportation and disposal including non-hazardous, hazardous, chemical, controlled substances and organic waste. He is a certified hazardous materials manager with specialties in Soil Transportation and Disposal, Pharmaceutical (DEA and NON-DEA) Waste Management, Aircraft Deicing Fluid Management, Hazardous Waste Management and Consulting, Environmental Health and Safety Program Design, and Environmental Remediation/ Construction Site Management.

Bryan Dexter, Environmental Sales Account Manager

Ondrick Materials & Recycling, LLC

22 Industry Road, Chicopee, MA 01020

413.519.2340 | BDexter@ondrickmr.com

Bryan Dexter provides Environmental Sales and Account Management for Ondrick's Soil Remediation Group. Bryan has over 20 years of experience in the regulated waste management industry spanning a large array of impacted media for disposal and recycle. Background includes consulting, soil management, zero-landfill & recycling, waste characterization, hazardous waste management and day-to-day operations of a waste brokering business.

His role with Ondrick Materials & Recycling focuses on account management, business development, client support & planning, logistics and technical review & guidance. Bryan has procured material, as well as managed material to several New England disposal/reuse/recycling facilities. He has worked directly with state regulators as well as large scale remediation contractors, consultants and waste generators. Bryan is well versed in RCRA, TSCA and DOT regulations to assist clients through a variety of waste streams. Bryan graduated Plymouth State College with a B.S. in Geography/Earth Science.

Lisa French Kelley, Principal

W. L. French Excavating Corporation
14 Sterling Rd, Bldg 1, North Billerica, MA 01862
617.212.0075 | lkelley@wlfrench.com

Lisa brings 15 years of experience in the soil industry focusing on marketing, business development, project management, contract negotiation, and sales for her family business.

Lisa focuses on new business and identifying new market opportunities in the soil and waste management disposal markets throughout New England.

Scott Miller, Regional General Manager

Clean Earth, Inc.
58 North Washington Street, Plainville, CT 06062
877.445.3478 | smiller@harsco.com

Scott Miller is the Regional General Manager, New England for Clean Earth Inc. supporting three low temperature thermal desorption soil treatment facilities, design and management of beneficial soil reuse. Scott has 27 years of comprehensive engineering and management experience in the environmental industry. He has designed, installed and managed groundwater treatment systems, industrial wastewater treatment facilities, in situ soil remediation systems, engineered controls and soil treatment solutions. Scott is a licensed Professional Engineer in Connecticut. He earned his Bachelor of Science in Civil Engineering from Lehigh University and his Master of Business Administration in Business Management at UMass Amherst.

Patrick Milmoie, Industrial Account Manager

Waste Management
26 Patriot Place, Suite 300, Foxboro, MA 02035
508.962.3671 | pmilmoie@wm.com

Patrick is an Industrial Account Manager at Waste Management with 14 years of environmental industry experience. Currently, Patrick manages transportation and disposal services for soil and special waste projects generating from the States of Connecticut and Rhode Island to WM's hazardous and non-hazardous landfills. Utilizing knowledge and experience of RCRA/TSCA and various State regulations, Patrick strives to match customer needs with the most appropriate disposal outlet within the WM network.
